

<b>Neurosurgery Equipment</b>		
<b>Equipment needed</b>	<b>Quantity</b>	<b>Total quantity</b>
Craniotomy set	16	640
Laminectomy and discectomy set	16	640
Anterior cervical discectomy and fusion set. With plate and screw	16	640
Posterior cervical fusion set with rod and screw	16	640
Thoraco-lumbar fusion set (pedicle screw fusion set) with rod and screw.	16	640
Neurosurgical skull clamp( Mayfield head clamp) full set with table adaptor	16	640
Gardner- well skull traction tong	40	1600
Neurosurgical electrical drill and craniotome.	16	640
Bipolar forceps with cable bioneted quantity 500.	16	640
Yasargil Aneurysmal clip system set	16	640
Micro brain craniotomy set with Leyla retractor	16	640
Cavitron Ultrasonic Aspirator	8	320
Ventriculo peritoneal shunt instrument set	16	640
Flexible neuroendosope with tower monitor	8	320
O-Arm multidimensional intraoperative imaging	8	320
Neurosurgical operating microscope	8	320
Neurosurgical operating magnifying loupe	40	1600
Cranial fixation and plating system instrument set	8	320
Minimally invasive spine surgery set	8	320
Cranial neuro navigation set	8	320
Spine neuronavigation set	8	320
Screw driver (metal handle )for 2mm screw	12	480
Self holding screw driver(metal handle) for 2mm screw	12	480
Drill bits with stopper, drilling depth 10mm, 2mm	12	480
Drill bits with stopper, drilling depth 6mm, 2mm	12	480
Drill bits with stopper, drilling depth 8mm, 1.8mm	12	480
Drill bits with stopper, drilling depth 5mm, 1.3mm	12	480
Screw driver for 2.5mm screw(reconstruction screw)	12	480
Surgical micro motor with straight surgical hand pieces	12	480
